

ALISA SHKEL

About Me

I am a Management student at the University of Warsaw, with a keen interest in project management, business analysis, and organizational processes. My academic experience and involvement in international projects have helped me develop strong teamwork, analytical thinking, and effective planning skills.

Skills

- Strong project management and organizational skills.
- Proficient in business analysis and data interpretation (Excel, Power BI).
- Excellent communication and teamwork abilities in multicultural environments.
- Problem-solving and adaptability under pressure.
- Relationship-building expertise
- Time-management
